

JETSON WARRANTY

Jetson products are designed to provide dependable service under normal use. This warranty covers defects in materials, workmanship, and finish during the applicable warranty period (see product page).

This warranty applies to the original purchaser only and excludes as-is, clearance, used, distressed, or display items. Costs relating to packing and transport for warranty claims are the customer's responsibility unless required by law.

This warranty is in addition to your rights under the Australian Consumer Law (ACL), which cannot be excluded.

Jetson may repair, replace, or substitute defective products with the same or comparable items. If repair or replacement is not reasonably available, a refund may be provided. Repaired or replaced items are covered for the remainder of the original warranty period only. Product finishes may vary due to manufacturing changes.

LIMITATION OF LIABILITY

To the maximum extent permitted by law, and subject to non-excludable guarantees under the ACL ("Non-Excludable Guarantees"), Jetson is not liable for any indirect or consequential loss, including loss of profits, revenue, or business opportunity.

Except for Non-Excludable Guarantees, Jetson excludes all liability for loss, damage or personal injury arising from:

- use or inability to use the product; or
- performance or non-performance of the product.

For goods not ordinarily acquired for personal, domestic or household use, Jetson limits its liability (under section 64A ACL) to, at its option:

- repair or replacement; or
- payment of the cost of repair or replacement.

WARRANTY EXCLUSIONS

This warranty does not apply to:

- normal wear and tear (including scratches, fading, chipping);
- misuse, negligence, accident, or improper use;
- incorrect assembly, installation, or maintenance;
- overloading or use outside intended purpose;
- packaging damage; or
- use outside Australia.
